## STATE DEFEATS WOMAN SUFFRAGE

### GREAT TRIAL COMMENCED TODAY

McNamara Brothers Taken  
Into Court in One of Big-  
gest Criminal Cases

REQUEST FOR SEPARATE  
TRIALS IS GRANTED

The Defendants Face Murder  
Charges Arising From De-  
struction of Times

LOS ANGELES, Oct. 11.—The trial of Jas. B. McNamara, charged in indictments with the murder of the twenty-one persons who lost their lives when the Los Angeles Times building was destroyed by an explosion one year ago, opened here today in a special court room in the hall of justice before Superior Judge Walter Bordwell. Following the trial of James B. McNamara, his brother, John J. McNamara, secretary of the Bridge and Structural Workers of America, will face a jury on the same charge, it being alleged that he paid for and instigated the blowing up of the Times.

When Judge Bordwell took his seat on the bench the small room was packed to almost suffocation. There were dozens of reporters, special writers, artists and photographers present, besides the imposing array of legal talent for both sides. Representing the defense were: Clarence Darrow, chief counsel, assisted by Leconte Davis, Jos. Scott, Job Harriman, Cyrus McNutt and J. J. Harrington. For the state were: Dist. Atty. John D. Fredericks, in charge of the prosecution and his assistants, W. J. Ford, G. Ray Horton and Arthur Veitch.

Long before the time for the trial to start, a huge crowd assembled in front of the hall of justice, everyone hoping for a peek at or at least a glimpse of the accused. Few succeeded in getting inside the court, as there was room for only a dozen or more, after places had been taken by the lawyers, newspaper representatives and court attaches.

When the court convened the accused, J. B. McNamara, accompanied by his brother, John J., was led in by Sheriff Wm. Hammel and Under Sheriff Brain. McNamara gave no indication of nervousness. He bore the looks of the crowd unflinchingly and calmly took his seat beside his attorneys. The paleness of his face was the only indication that he had passed the last six months in prison.

Just before the preliminaries of the McNamara trial began, the two brothers made the following statement:

John J. McNamara said: "I welcome today's activities because it means for me the starting of the machinery which will eventually prove my innocence of the crimes alleged by paid spies of corporations, who seek by discrediting me to involve the entire labor movement, and change its onward triumphal progress."

James B. McNamara: "I feel better than ever in my life, and have not been worrying as to the outcome of the trial. All I want is a fair deal."

It was officially announced that former District Judge of the Court of Appeals Wheaton A. Gray, a law partner of former U. S. Senator Frank P. Flint, had been retained by District Attorney Fredericks to assist in the prosecution.

Only two women were present in court and they had seats inside the rail. They were Mrs. Clarence Darrow, wife of the chief counsel for the defense, and Miss M. C. Wood of Chicago, Mrs. Darrow's friend.

By agreement of counsel the indictment upon which today's trial began was for the killing of Charles Haggerty, foreman of machinists in the Los Angeles Times building. He was killed in close proximity to the spot where the State alleges the dynamite exploded.

In denying the request of the defense for a change of judge on the ground of bias, Judge Bordwell stated that he considered himself qualified to try the case, and stated that the defense had failed to prove its contentions. He said he had incorporated in the court record an affidavit in which he personally disclaimed any bias or prejudice, also another by Presiding Judge George H. Hutton of the Superior Court, who denied that the procedure of the Superior Court had been violated in assigning the McNamara case to Judge Bordwell's court for trial.

After talking the matter over with his associates, Prosecutor Fredericks announced that he would try James

### Taft's Words To Be Rendered In Signs For Deaf

PORTLAND, Ore., Oct. 11.—President Taft's speech here this afternoon will be translated into the sign language by Superintendent Clarke, for the benefit of 125 pupils of the State school for deaf and blind children who will be at the railway station to greet the President. Taft will stop at Vancouver a few minutes only.

SAN DIEGO, Oct. 11.—The barkentine S. N. Castle, Captain Van Dahlgren, bound for this port from Tahiti with a cargo of phosphate rock, is nine days overdue, and fears are entertained for her safety. She is believed to have been caught in the recent storm.

#### Aviator Rodgers Reaches Kansas City

KANSAS CITY, Mo., Oct. 11.—Aviator Rodgers landed here at 11:05 this morning. He expects to resume his westward flight this afternoon.

B. McNamara first. The work of getting a jury has been started. At 11 o'clock the court took a recess until 2 p. m.

The actual trial will not start until a jury is selected, which will take at least a week, if not more, and probably 300 will be examined before 12 men are found who will be acceptable to both defense and prosecution. The selection of the jury will be hotly contested by both sides.

On the night of Oct. 1, 1910, an explosion turned the Los Angeles Times building into an inferno of twisted steel and flame. Ink was scattered for half a block, windows in buildings across the street were shattered by the concussion. Inside of a minute the entire building was a seething mass of flames. Caught like rats, the employees fought blindly to get out. Some succeeded, twenty-one died. Half a dozen fell one by one through an open place in the floor and their bodies were burned to a crisp. Others plunged blindly through the roaring flames and threw open windows to death on the sidewalk below. Others clung to the window sills, shrieking for the life nets, until the flames burned their fingers to the bone and they went plunging to death, while hundreds of spectators groaned and watched the doomed men. They were powerless to help.

The prosecution will try to prove that John McNamara engineered and instigated, and James McNamara actually caused the Times disaster. It's McNamara, who is alleged to have confessed that he had done hundreds of dynamite jobs for John McNamara, receiving \$200 for each, and that he knew of the plan to destroy the Times.

All this evidence the defense will combat with testimony to show that there never was a dynamite explosion; that leaking gas caused the wreckage; that the accused men are innocent, the victims of a gigantic plot which has for its object the branding of organized labor leaders as murderers and dynamiters.

Every effort has been made to further this idea from the time that the "Times," owned by Harrison Gray Otis, a bitter and vindictive enemy of organized labor charged that dynamite bombs planted by labor had destroyed his newspaper plant, until the McNamaras were placed behind the bars of the Los Angeles county jail. Otis made this charge before the fire was out in the ruins of the Times. It has been repeatedly made ever since.

Next in the chain of events came the arrest of Orrie McNamagal, John and James McNamara. The McNamaras were extradited from the east without being given a chance to consult counsel, and as a result Detective Wm. J. Burns, who ran down the accused while in the employ of the National Erectors Association, and of the Merchants & Manufacturers Association of Los Angeles, and Detective James Hosick of Los Angeles, are under indictment for kidnapping.

All these elements will enter into the case, but the first thing the prosecution must prove is that the Times building was blown up by dynamite and not by gas.

And it is the proof of what actually caused the disaster upon which the success or failure of the prosecution will depend.

The prosecution will have the legal and financial backing of a great state; the defense a great and brilliant array of legal talent and the financial support of organized labor, because organized labor wants to give the accused every chance to prove their innocence.

Before the trials are ended they will have cost close to a million dollars, will have consumed at least three months and resulted in the examination of more than 400 witnesses.

### BOARD SEEKING STILL POSSIBLE IMMEDIATE ACTION TO GET THE SEWERS

Conference on the Polytechnic High School Was Slimly Attended

TO PROCEED HERE WITHOUT OUTSIDE

Crowded Schools of Santa Ana Call for Additions to the Facilities

The Santa Ana Board of Education means to have a polytechnic high school as soon as possible. The trustees of adjoining school districts, including Orange and Tustin, were invited to meet with the Santa Ana board last night to discuss the advisability of an union polytechnic high school. Trustees Utt and Marchant of Tustin were present, but none of the other outside districts were represented.

The Santa Ana board proposes to go ahead with the project, and will gladly join with the other districts in a union school, but unless the outside districts do something about the matter soon, the proposal to have a polytechnic high school for Santa Ana will be under way.

At the meeting last night Superintendent Cranston, Directors Cain and Dean were appointed a committee to present the needs for a polytechnic high school to the Merchants & Manufacturers' Association and the Chamber of Commerce. It is hoped to get the endorsement of these bodies.

The schools of the city are crowded. Last night Miss E. Kate Rea was elected to teach English, history and mathematics in the high school, and Miss Mary Davidson was elected as additional teacher for the Fifth street school. A new teacher will have to be elected for either First street school or Third street school. Another teacher is needed in the Commercial High.

The school board passed a resolution requiring all teachers and pupils to be out of the school buildings by 4:30 o'clock each afternoon. This order was deemed necessary in order that the janitors may do their work without interference.

It was decided that the new city ordinance prohibiting the riding of bicycles on school grounds would be strictly enforced. Several accidents have occurred by boys riding on the grounds. Since most of the janitors are deputy marshals the law can be enforced easily.

Superintendent Cranston was given a leave of absence that he may attend the state council of education at Chico on October 25.

### 11,000 OLIVE TREES WILL BE PLANTED IN ONE GROVE

OROVILLE, Oct. 11.—With the sale of 1000 acres of citrus and olive lands near Wyandotte to the McManis Olive Company, by the Wyandotte Land Company of Sacramento, which owns large tracts in the Wyandotte, Bangor and Brownsville sections, the orchard bond system, which has worked successfully in Oregon and Washington, will be introduced into California. The new owners will set out 11,000 olive trees on 200 acres of its purchase in 1912.

### ROBBING HAREM—KILLED

VIENNA, Oct. 11.—Word has been received here that Gen. Riza Pasha, while trying to carry away a beauty of the royal Turkish harem at Constantinople, was challenged by a guard and upon failing to reply was shot and killed.

### LEMON RATE HEARING WILL BE SET FOR EARLY IN NOVEMBER

WASHINGTON, Oct. 11.—Interstate Commerce Commissioner Franklin K. Lane stated yesterday that the new hearing of the Southern California lemon rate case will be set for the first or second week of November. In order to reopen the case the order of the commission reducing the freight rate to \$1 per hundred pounds will be vacated, and the commissioner will take testimony as in an original proceeding.

The evidence will be taken at Washington and the carriers and citrus fruit interests will be notified in ample time to offer testimony. It is probable that the result of the hearing will be that the rate will again be set at \$1 and that the case will then go once more to the commerce court, with the comment on the lemon import duty omitted. In view of the commerce court's recent decision, the committee will try to make it very clear that its next ruling is based upon the "intrinsic reasonableness" of the rate.

The action of the Interstate Commerce Commission in speedily taking up the case anew means that the lemon rate will be finally settled much sooner than if there had been an appeal to the Supreme court from the decision of the commerce court, just rendered.

### Most Amendments Carried This County Against Equal Suffrage by Bare Majority

AMENDMENTS SWEEP STATE IN VICTORY

Woman Suffrage Measure the Only One Defeated—Recall Wins By 4 to 1

SAN FRANCISCO, Oct. 11.—Sweeping California as no state in the Union has ever been swept before by progressive politics, the initiative, referendum and recall stand approved by remarkable majorities as a result of yesterday's balloting. Only one of the twenty-three amendments to the state constitution, the proposed woman suffrage measure, seems to be lost. It is probably defeated from three to five thousand. San Francisco did it, the smaller communities generally favoring the giving of the ballot to women.

Though the amendments were known to have been greatly furthered by the state-wide tour made by Governor Johnson in favor of the progressive amendments, they were held to be doubtful of passage until the last, and their complete triumph today surprised even their most earnest advocates. This is particularly so in case of the recall amendment. It was fought bitterly by the reactionary press, thundered against by President Taft, but despite all this amendment polled the greatest vote of any submitted, sweeping the state by nearly four to one.

At 1:30 this afternoon the total vote for the state so far received on record on the suffrage amendment was: For, 85,126; against, suffrage, 91,803.

Governor Johnson's Opinion  
Discussing the election result Governor Johnson said:

"It is another bully fight. The people won again. In the short period of nine months California's government has been made to reflect the people alone. Yesterday the great weapon of Democracy was taken up by the electorate and now we have in reality, a people's government. The result of yesterday's election, in the vote polled, in the discrimination shown by the voters, and the intensity of interest shown, the people, I think, are able to rule themselves. The remarkable victory is one due to no individual, nor to any particular agency. It was won by men of all parties, and a decent, independent press. Today California is the first of progressive states in the Union."

In Los Angeles, the vote stood 16,070 for, and 14,205 against suffrage. In San Francisco 21,912 voted for suffrage, with 35,471 against. With the probable exception of Ventura County all the Southern California counties rolled up a slight majority for woman suffrage.

The exact count of the vote on suffrage will not be positively known until tomorrow afternoon. With possibly 82 precincts missing at 1:30 p. m. the vote in Los Angeles County exclusive of Los Angeles, was for suffrage 6382 and against, 4078.

Oakland Defeated Suffrage  
OAKLAND, Oct. 11.—The total vote in Oakland on the suffrage amendment was for 6073, against 7818.

ALL AMENDMENTS WON IN SAN DIEGO COUNTY  
SAN DIEGO, Oct. 11.—Complete returns this morning from the special election indicate that every one of the constitutional amendments carried in San Diego County by a safe majority. The recall, the initiative and referendum carried by three to one, and woman suffrage appears to have 1000 majority in the county.

MANY THOUSANDS WILL BE PRESENT AT CELEBRATION  
SAN FRANCISCO, Oct. 11.—The special rates offered by the railroads and steamship companies will induce thousands to journey from all parts of California and adjoining states to attend the ground-breaking exercises for the Panama-Pacific International Exposition of 1915, to be held in San Francisco on Saturday, October 14th.

President Taft's participation in the ceremonies, the presence of the Pacific fleet in San Francisco Bay, and singing by Madame Lillian Nordica are a few of the attractions that will crowd the exposition city this week. San Francisco has more than 1300 first class hotels to accommodate the visitors. It is believed that the festivities on Friday, Saturday and Sunday next will surpass in interest the great Portola celebration of two years ago.

SEATTLE RESPECTFUL BUT NOT WILD OVER TAFT  
SEATTLE, Oct. 11.—Seattle was respectful toward President Taft but did not go wild over him, said Mayor George W. Dilling today. Dilling, who accompanied Taft through the city wherever he went, has just returned from Illinois, where he says the same lack of Taft enthusiasm was everywhere discernible.

"The people there," he said, "have grown thoroughly independent, and it seems to me they do not care whether a Republican or a Democrat is chosen. There is much favorable sentiment expressed for Woodrow Wilson." Dilling is a Republican.

The President, who was greeted by 100 Olympia school children, had luncheon with Governor Hay during the hour and a half he was in town.

OLYMPIA MOURNED DEAD—GREETED TAFT  
Body of H. A. Fairchild Laid in State as President Spoke at Capitol's Front

OLYMPIA, Wash., Oct. 11.—A quiet reserved crowd greeted President Taft at the Capitol of Washington today. In the central hall of the State Capitol, before which the President spoke, lay in state the body of H. A. Fairchild of the State Railroad Commission. The city mourned its dead, while it welcomed the President.

In his speech the President congratulated the state of Washington on the "progressive legislation you have adopted in this state." He particularly praised the state on its workingmen's compensation law. He then defended his tariff veto and promised tariff revision at the next session of congress.

The President, who was greeted by 100 Olympia school children, had luncheon with Governor Hay during the hour and a half he was in town.

### PEACE HANGS OUT ITS SIGN

Asserted That Armistice Has Been Arranged Between Italy and Turkey

GERMANY'S EFFORTS RESPONSIBLE FOR PACT

While Peace Terms Not to Be Made Public Yet, Fighting Is to Cease

BERLIN, Oct. 11.—An armistice has been declared between Italy and Turkey, according to a statement from a high official source today. According to this statement, peace has been arranged mainly through the efforts of Germany and while it is not to be officially announced yet, no further hostilities will take place.

#### 2000 ARABS HAD JOINED TURKS AGAINST ITALIANS

LONDON, Oct. 11.—Dispatches received today indicate that a force of Turks and Arabs are momentarily expected to attack Tripoli.

The censorship of Tripoli continues severe, but it is generally agreed that the first serious battle of the war has been already fought.

Advices which have reached Berlin say the Mohammedans who have flocked to the aid of the Turkish troops, number 20,000. Vienna advices say they number 10,000.

Prospects for peace are apparently gloomy, and it is understood there will be no negotiations to that end until after the occupation of Tripoli has been completed.

### FRANK CHAMPION TO BE HONORED BY HIS OWN HOME TOWN

LONG BEACH, Oct. 11.—Frank L. Champion, a few months ago an obscure photographer on the Pike in this city, who now is considered one of the most remarkable aviators in the country, since he has been the fleet of war vessels with flowers on Sunday, is about to be complimented by friends in his home town of Oklahoma City. Negotiations are now pending for a series of flights by Champion in Oklahoma City following the State fair. Champion is now in charge of maneuvers at Dominguez field, where a crew of experts is building one monoplane and two biplanes.

25 CENT AD. IN REGISTER BRINGS OVER \$25 NET PROFIT TO ADVERTISER

While the statement in the above heading is literally true, it can hardly be said to be substantially correct. However, it makes the point—that Register advertising pays.

Harry Lewis of East Fourth street lost a purse the other day, containing \$33. Last night he advertised for it in the Register, and today it was returned to him by Thos. Scudder, Jr., the 17-year-old son of Thos. Scudder of 1513 Hickey street.

Young Scudder is a Register carrier, on one of the Tustin routes, and Mr. Lewis made him a present of \$5.

Motorist Officer Roy Davenport has been busy these last few days and has had three automobilists and one motorcyclist for breaking the Santa Ana speed ordinance. He was on the job, and it behooves drivers of machines to curb their desires to get there in a hurry, that is, in more of a hurry than the law allows.

The first man arrested was V. L. House, driving on North Main street. He paid City Recorder Wilson a fine of \$5.

W. C. Collins and Sebastian are charged with traveling at a rate of twenty-five miles an hour.

Victor Griesel, motorcyclist, was seen on West Fourth street. He is expected in court on Saturday.

Three Were Gone

City Marshal Wilson has concluded that some of the cars in the city will be found in the hands of the city. He has found two of twelve bicycles in that district that were stolen off the streets in the water of the city. In every case the thief had removed the part of the bicycle that is needed, probably to it to parts elsewhere on other bicycles. Sometime, the wheels would be gone, and the rest of the bicycle would be minus the handlebars.

The marshal has just found a bicycle on South McClay street with the tires gone. The bicycle is almost new and belongs to Ralph Ahlefeld of Orange. It was ridden to Santa Ana Saturday night, and was stolen. When found the wheels had been removed from the frame and the tires taken away. The dismantled bicycle is now at the marshal's office.

F. A. Hazard Will Probe Cost of Walnut Production in Italy and France

WHITTIER, Oct. 11.—At a meeting of the central body of the Southern California Walnut Growers' Association held in the Chamber of Commerce building, Los Angeles, F. A. Hazard of this city, who is president of the association, was chosen European representative of the organization and will leave in a short time for France to assume his duties.

This is the first year that the central body has found it necessary to have a representative in Europe and the position, which carries with it a generous salary, is one of the utmost importance. Mr. Hazard will make a thorough study of the industry as it exists throughout Italy and France, making his headquarters somewhere in France, and will keep the central body advised concerning the European crop.

It was also decided to send two representatives of the association to Washington, D. C., in January, to meet with the tariff commission and endeavor to keep the duties on foreign walnuts the same as it is at the present time. Dr. J. Allen Osmun of this city, and F. A. Hazard were selected.

Most of Mr. Hazard's time after he arrives in France until the first of the year will be spent in investigating the cost of production of walnuts in Italy and France, where most of the foreign crop which competes on the market with the Southern California, is grown.

The walnut bearing strip extends for about 500 miles, mostly through Italy and France, and the trees grow wild, so that the only cost in production is handling the crop. As labor is much cheaper in Europe than in the United States, a laborer in the walnut district receiving about 60 cents a day, the cost of putting European walnuts on the market is far less than the cost in Southern California. The price of the European walnut land is also less than in Southern California and these facts will be laid before the tariff commission by Dr. Osmun and Mr. Hazard.

Mr. Hazard has agreed to act as the representative of the central body in Europe for the next two years at least. He will join Dr. Osmun in Washington in January and after going before the tariff committee will remain in the United States until June, when he will return to France.

**BULLETIN TO  
AID TEACHERS**

State Superintendent of Public Instruction Has a Good Plan

SACRAMENTO, Oct. 11.—The Superintendent of Public Instruction is sending out to the various county superintendents of the state a proposed plan for improving lines of communication among the schools. He offers to issue from his office at Sacramento a quarterly or monthly periodical, partly filled with information and counsel from state officers; and partly left blank for the county superintendent to complete with advice, rulings or news notes of his own, printed at some local office; and then the whole sent out to the trustees and teachers of his county. This scheme has in it great possibilities for an enterprising and ambitious superintendent to reach his people all at once and to systematize his work. It gives opportunity and initiative to an energetic officer, and it ought to meet with a prompt and general response.

The appointment of trustees for the full term by county superintendents is causing some discussion in the state. It often puts an unpleasant responsibility upon the superintendent in the case of districts that fail to hold an election, a responsibility that really ought to be borne by the people themselves when it entails the change or continuance of the whole policy of the school. Superintendent Wilson of El Dorado County advocates a law allowing the superintendent the option of appointing the trustees or calling

a special election in the district to settle the matter.

In this connection it may not be amiss to remind every one of the new law requiring teachers to keep the attendance separately for children residing outside the district, so that the superintendent may transfer it to the home district at the end of the year. School people should watch the working of this law and be ready to report on it as good or bad at the end of a year or two. It might be well for trustees having children attending outside districts to keep track of the matter, make lists of the children and notify outside districts early in the year that the attendance of such and such children should be kept separate as it will be claimed by the home district at the proper time.

The new law requires county superintendents to register school orders for which there is on money in the treasury, after which they bear interest. The superintendent should be very cautious about this registering of unpaid orders, as it will make him peculiarly responsible for them. For instance, he must not thus give a standing to orders that can not be paid from the current year's funds, nor to orders that must wait till an 8 months' term has been maintained. He must keep his weather eye out for wildcat orders for books and apparatus that are off color in one way and another. Undoubtedly the superintendent has the same powers in refusing to register as he has in refusing to pay doubtful orders.

## CHARGE BOYS WITH MISCHIEF

Arrests Made at Orange—  
Youths Accused of Cutting  
Theater Chairs

Orange News: Emil Zingler and Tom Jackson, aged 17 and 18 respectively, appeared in justice court this morning to answer to a charge of malicious mischief. They pleaded guilty and Zingler was committed to the juvenile court, while Jackson was fined \$10 or ten days in jail.

The boys were accused of cutting and burning chairs in the Electric Theater and Manager Marsden, who has experienced considerable trouble

from this source of annoyance, swore to the complaint. As Zingler was under 18, Justice Fullerton certified him to the juvenile court, and he will be dealt with by that institution.

Jackson, it is learned, had been placed on probation at two different times before the present occasion, and the justice considered that he had some punishment due him. He was given until Saturday to raise the money. Both boys, it is said, are comparatively newcomers here, Jackson having previously lived at Garden Grove. The offense is not the first that has been committed in this theater, but Justice Fullerton is determined to discourage mischief of this nature.

### One Got Away

Two Mexicans were arrested this morning for riding on the sidewalk. They gave their names as Carmen Cardena and Manuel Caresa and both promised to appear in the recorder's court at 12:30 p. m.

At the appointed time only Cardena appeared. He was fined \$3, which he agreed to pay Saturday. Caresa left town rather than take a chance on a fine.

"There will be others," said Marshal Barnett, "if sidewalk riding is continued. We will fine everyone we can catch."

### Trouble at Olive

Constable Jackson is looking for a man he arrested at Olive Saturday evening and permitted to go on promise that he would appear today. The man was raising a disturbance at a dance, Jackson went to Anaheim today to find him.

## FIRST MATCH PLAYED HERE

Santa Ana High School Will  
Meet Los Angeles Military Academy

Santa Ana meets the Los Angeles Military Academy on the Lincoln street grounds next Saturday. This will be the first game of the season on the home grounds, and will be a great chance for the fans to see the new team at work.

Not much is known as to the strength of the Academy team except that a fast game was played. The Santa Ana boys have had a few evenings of light exercise, since the Occidental game and this season is having some fast scrimmages. Last evening an attempt was made to cut out the high tackling which was the weakness of the game last Saturday. Some new players have been added that look good to strengthen the offense. The work of the team should be greatly improved by Saturday over any performance to date and a snappy game played.

No player is assured the position, he is now playing. Two or three men who looked good for positions were weakened their chances by cutting Monday and Tuesday. The players are being changed almost every evening and a failure to show up at practice means a "balling up" of the plays the next evening.

The quarter-back position is open. The same holds as to ends. In next Saturday's game a lot of new men will likely be tried out at guard and tackle. There is still an open field for first subs for the San Diego trip and some good material is being developed.

The signal practice last evening was good, except that "Brick's" kicking was not up to par. The forward passing has improved a hundred percent in the last two evenings and the team as a whole is speeding up and showing a "go" that should roll up a score against the Academy boys. The game will be called at 2:30.

## BACK GIVES OUT

Plenty of Santa Ana Readers  
Have This Experience

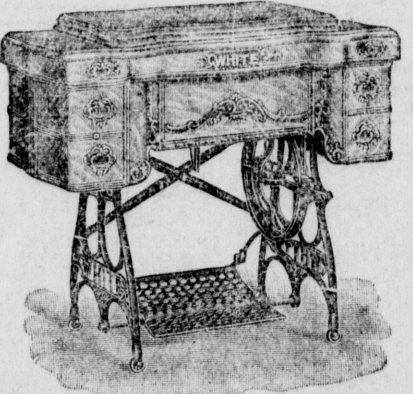

You tax the kidneys—overwork them—They can't keep up the continual strain. The back gives out—it aches and pains; Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

Santa Ana people tell you how they act. Mrs. M. W. Davis, 768 Cypress avenue, Santa Ana, Calif., says: "Doan's Kidney Pills have been used in our family off and on for several years and the fact that they are a reliable kidney remedy has been proven beyond a doubt. The party who has used Doan's Kidney Pills was severely afflicted with kidney trouble, the chief symptom being pains in the back. On a number of occasions this person was obliged to quit work, owing to the severeness of the attacks. Doan's Kidney Pills brought prompt relief and they have been an unfailing means of relief in this case since."

## FEDERAL REPORT SHOWS GENERAL CROP DECREASE

WASHINGTON, Oct. 10.—In a report issued yesterday afternoon the Department of Agriculture places the average condition of corn on October 1 at 70.4 against 70.3 on September 1 last, 80.3 on October 1, 1910, and a ten-year average of 78.6.

The indicated yield of corn this year is 2,759,348,200 bushels, against 3,125,713,000 bushels in 1910; 2,772,376,000 bushels in 1909, and 2,668,851,000 bushels in 1908.

Preliminary returns indicate the yield of spring wheat to have been 206,367,000 bushels, against 231,339,000 bushels in 1910, and 243,186,800 bushels the 1906-1910 average. The quality of spring wheat is 79.8 compared with a ten-year average of 87.1.

The indicated production of oats is 873,641,000 bushels, against 1,123,765,000 bushels last year. The quality of oats is 84.6 per cent, compared with a ten-year average of 80.6.

Catarrah Germs Must Be Conquered  
or Health Will Be Destroyed

—If you have catarrh you must vanquish an army of persistent, destructive microbes before you can get rid of it.

You might as well choose your weapons, declare war and annihilate this army of catarrh germs right now. Stomach dosing won't kill them; neither will sprays or douches.

HYOMEI, a pleasant, antiseptic, germ destroying air breathed over the entire membrane will put catarrh germs out of business in short order.

HYOMEI (pronounce it High-o-mei) is guaranteed by Rowley Drug Co. to end catarrh, asthma, bronchitis, coughs, colds and croup, or money back. If you own a little HYOMEI hard rubber pocket inhaler you can get a separate bottle of HYOMEI for only 50 cents. If you haven't an inhaler buy a complete outfit that costs only \$1.00.

## ENGLISH DREADNAUGHT LAUNCHED YESTERDAY

PORTSMOUTH, Eng., Oct. 10.—The King George V, England's largest dreadnaught, was successfully launched yesterday. The warship was christened by His Majesty's aunt, Princess Christian of Schleswig-Holstein. The vessel has a displacement of 23,000 tons and her length is 555 feet. The armament consists of ten 13.5 inch guns and twenty-four 4-inch guns.

**NOT TO PROBE STEEL TRUST**  
WASHINGTON, Oct. 9.—Attorney General Wickham returned to Washington last night in preparation for his work before the Supreme Court which convenes today. He said he had read with amazement the story printed in New York today that he was about to proceed against the steel trust.

"There is no truth in it," Wickham said. "Possibly some one at the Department of Justice expressed an opinion in a general way that some day the government would proceed against the steel corporation, and in this way the story published was written."

## GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back  
the Natural Color—Dandruff  
Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

Gray hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which is chemically the same of Wyeth devised a few years ago. It is simple, inexpensive and practical. It will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## California: It's History and Romance

By JOHN S. MCGROARTY

California's Most Loved Writer, Word Painter, Historian

### The Book

was written to meet a special demand. It is the only one-volume history ever published which gives the whole story of California. Thoroughly indexed, reliable, righting many wrongs, condensed into ten chapters, more interesting than a novel and is, all in all, the most wonderful, fascinating, interesting and valuable work ever published in California. Splendidly bound, size 9x6 1/4, about 400 pages, printed in good readable type and beautifully illustrated.

### What It Means to California

The author has made this history a book that will stand for all time to come as a "Masterly Literary Production." It will be purchased by thousands of tourists and eastern people who are contemplating a western tour, as a guide. It will prove one of the greatest advertisements for California ever published and is just the book for you to send to any relative or friend whom you are anxious to have come to California, because it will make them want to come. California's story told as only John S. McGroarty can tell it.

### What Has Already Been Done

\$10,000.00 worth of these histories have already been sold to private individuals in advance of its publication. Many leading lawyers, including the supreme court, bankers, doctors, capitalists, manufacturers and real estate men of the state are already patrons of the work. Its greatest endorsement is its author. Some of the leading historical critics have been secured to review the work in MS form and they pronounce it the best that has ever been written on California, and in unsurpassable style and form.

25,000 copies will be sold in California alone for Christmas presents. It will be the best present in the "book world" for members of your family, especially for students, and for eastern friends. The rush on the book is now on, and we advise that you place your order at once with your bookdealer for future delivery, as you may appoint to insure its delivery.

The Grafton Publishing Company, publishers of the West Coast Magazine, are the publishers of "California: Its History and Romance." In order that it may help the publishers in the rush that is now on and assure you the copies wished, the following coupon has been made to carry a cash value if used prior to October 15, 1911.

The publishers urge the use of this coupon as it will greatly aid in the publishing of the work. It is absolutely the same as cash, as the retail price is \$3.50 per copy.

## Social and Club Circles

### Profitable W. C. T. U. Meeting

The W.C.T.U. held a most pleasant meeting last evening at the elegant and spacious residence of Mr. and Mrs. J. N. Anderson, 501 Wellington avenue. The gentlemen were the guests of the evening and a large number were present. A splendid musical program enjoyed during the early part of the evening, and presided over by the president, Mrs. Lea Warren, was opened with a violin and piano duet by Keith Davis and Isabel Anderson. The audience was favored with a splendid vocal solo, by Prof. Haines, musical director in the Presbyterian church. He kindly responded to an encore. A piano solo was given by Isabel Anderson. The male quartet, composed of Harry Warner, John Simmons, Roy Elliot and David Todd, gave several pleasing numbers, responding to encores. Mrs. Coleman sang a beautiful solo and was accompanied on the piano by Miss Sarah Gardner. Ben Reiland sang a solo in his usual pleasing manner. This closed the musical program.

The Santa Ana union went on record last evening by a unanimous vote, that they sympathized with the temperance people in the Fifth district in their objections to having the question of saloons thrust upon them and that this union stood ready to assist them in any way it could. Mrs. Frank McElree, chairman of mothers' meetings, announced the mothers' picnic to be held in Birch Park Tuesday, Oct. 17, and urged all persons who are interested to be present at the picnic.

The round table discussion under the leadership of Mrs. Anna Hill, proved a very interesting and profitable part of the program. Numbers were distributed dividing the audience into four divisions, each division going to different rooms, with a leader in each division. No. 1 was under the supervision of Mrs. S. M. Davis, who ably handled the subject of "Universal Peace." No. 2, under Mrs. H. J. Forgy, who proved that she was master of her division, whose subject was "Medical Temperance." No. 3 was "The Causes and Effects of the Maine Election," under Mrs. Anna Hill, who is always equal to whatever subject she may undertake to discuss. Mrs. Walter Tedford had for her subject one which proved very interesting to all divisions.

The bi-weekly teachers' meetings to which Academic students have free access this year have commenced and promise to be of great educational profit to those taking advantage of them.

Many different piano methods, and fine musical works will be studied besides a large repertoire of teaching studies and pieces. Those students who contemplate becoming teachers should by all means have this work.

Make your arrangements at once, and watch for tomorrow's corner.

that of "Home Industries." All the divisions brought out a number of good and helpful thoughts.

At intervals during the evening S. M. Davis reported the returns of the election, which were sent in by telephone from the Register office.

The committee who had charge of this meeting was Mrs. Hill, Mrs. W. B. Tedford, Mrs. H. J. Forgy and Mrs. S. M. Davis, and are to be congratulated on the splendid evening's entertainment. The next meeting will be held at the home of Miss Sarah Finley, 634 French street, the subject being "Sunday School Temperance."

—O—

"The Prince of Liars"

"The Prince of Liars," said to be an extremely funny comedy, will be presented at the Temple Theater on next Friday and Saturday nights for the benefit of Company L, the popular military organization of this city. The play will be presented under the direction of Lewis William Chaudet, who has successfully staged dramatic efforts here in the past.

The side-splitting production will be produced by local talent, of which there is much in Santa Ana. Members of the company will be assisted by others of well known ability who have won success on the local stage.

Company L will appreciate a generous patronage of this dramatic offering, which will be well staged and played. The members of Company L have gone quietly along here and built up permanent improvements which are a real credit to the city, and the coming play will afford the people of Santa Ana an opportunity to show their appreciation of the work of the company.

—O—

The Public Library

Commencing Oct. 10, the hours of the public library will be from 9 a.m. to 5:30 p.m., thus giving the public ten and one-half hours service each day.

Another demand is met by issuing "overnight" books to the students of the public schools. The books are issued after school; to be returned by 1:30 the next day.

Miss McFadden is always willing to aid pupils in their selections. The circulation of books in the homes of the city for September was 4090 volumes, a daily average of 160. 23 per cent were non-fiction.

Among books which are in great demand are "The Winning of Barbara Worth," by Harold Bill Wright; "California Fruits and How to Grow Them," by Olive Schremer; "Twenty Years at the Hull House," by Jane Addams; "Memoirs and Impressions of Helena Modjeska," the latter being sought for by those who have seen the noted woman on the stage and in her home near this city.

The library board met last evening, allowing the usual monthly bills.

—O—

Greeted Pastor and Wife

The Senior and Intermediate Christian Endeavor Societies of the First Baptist church invaded the home of Mr. and Mrs. Otto S. Russell Tuesday evening.

The surprise affair was a "short and early" to bid the new pastor and wife. After a time spent in jolly conversation, parlor games were played. Later boxes of various shapes, sizes and weights were drawn by the gentlemen present. Upon being opened the boxes were found to contain a light lunch for two. Seated upon the floor in every nook and corner, the evening's

lunch thus served was eaten amid much merriment.

The happy occasion was closed with some music and the expression of wishes to be better acquainted as the days come and go.

—O—

Parents and Teachers to Meet

There will be a meeting of the Parent Teacher's Association in the kindergarten room of McKinley school, Thursday afternoon 3:30 to 4:30.

## QUAIL ON TOAST IN PROSPECTIVE

"Quail season opens Sunday," remarked an enthusiastic local sportsman meditatively this morning. "Not only does the season open on the fifteenth but there are lots of 'em. Of course I mean valley quail, for mountain quail are very scarce this season. In fact there are none down this way, few of them getting much farther south than the Newhall district. But what few of them there are, are north of here and they are very wild. I had a letter from a friend who is foreman of a lumber camp up in Fresno county, and he writes that the mountain quail are so wild that it is very hard to shoot them. The season for mountain quail opened September 15, but I haven't heard of many big bags of 'em. The valley quail comes in next Sunday and the season remains open until November 20. Twenty birds make a legal bag. All the local clubs that have been feeding for several weeks will have good shooting."

Whistling Stimulated His Courage

Whistling "Home, Sweet Home" as a substitute for an anesthetic, was tried at Clayton when Dr. O. W. Snodgrass probed for a 22 caliber bullet in the back of Perry Ritchie, 11 years old, who was shot accidentally by his companion, Edward Toy, while hunting in the woods near their homes at Spring Avenue Heights.

When asked to "keep up his nerve" the boy started to whistle the refrain. It was necessary to repeat the chorus several times before Dr. Snodgrass succeeded in extracting the bullet. The accident occurred the other morning just after the Toy youth shot and killed an owl. Young Ritchie ran to pick up the bird and was stooping over when Toy tripped and fell. Ritchie was discharged and the bullet plowed a furrow four inches long in the boy's back. The wound is not serious.—St. Louis Globe-Democrat.

# SANTA ANA SUGAR FACTORY MISREPRESENTED AT ETHANAC

Harris and Crookshank Interests in Local Institution Sold to the Messrs.  
Case at \$1.10, Yesterday

A highly interesting and somewhat important (if true) sugar factory story drifted into Santa Ana today from the Perris Valley, in Riverside County—from Ethanac, to be exact.

It seems that on Sunday afternoon a meeting was held at Ethanac by the promoters of a sugar factory at that place. The company is organized and some little construction work has been done—a well sunk and a warehouse foundation and floor laid.

Three Orange County men, W. F. Lutz and A. J. Visel, of Santa Ana, and H. D. Meyer, of Fairview, happened along a-touring, and stopped to attend the Sunday afternoon meeting. In speaking of it today, Mr. Lutz said:

"I was surprised at the statements of one of the speakers. He was trying to sell stock at 100 per cent increase. It seems that stock has been selling at 50 cents a share, par being \$1, but now it has been raised to \$1.10. The speaker cited the Santa Ana factory as a glowing example of the tremendous profits to be made in sugar factory stock. He said the stock sold here in the organization at \$1 was worth \$30, and that his factory would pay dividends of from 40

percent to 75 per cent the first year. 'We will pay a dividend of 40 per cent on the first of November,' he said—meaning, I suppose, November 1, 1912.

"The well that has been put down at the Ethanac factory site is flowing strong alkali water and is probably very shallow, as water is near the surface there, and probably didn't cost over \$300 to \$500. The floor of the warehouse is of No. 3 lumber. The whole thing looks to me like a stock selling scheme. Certainly the representations made about the Santa Ana factory, are false."

Upon inquiry the Register learns that instead of the Santa Ana factory stock being worth \$30 it is worth \$1.10. R. T. Harris and A. J. Crookshank sold 270-odd shares at \$1.10 yesterday, for which they paid \$1, and they have had but one 10 per cent dividend in the two to three years they have had their money invested.

When asked to whom they sold, Messrs. Harris and Crookshank said they didn't know positively; the negotiations and payments were made through the Farmers' & Merchants' Bank, and that institution reports having bought the stock for the casey interests.

off some of the waste by rearrangement of the lighting system.

The bills for incandescent lights for the Capitol building in September, 1910, amounted to \$182.40, and showed a consumption of 4560 kilowatt-hours. Last month the consumption was reduced to 3240 kilowatt-hours, and the total of the bill was but \$60.75. This is a saving of \$121.65 in one month alone.

The saving on incandescent lights is in addition to a big saving made in the cost of arc lights on the Capitol grounds, through placing the lights on a meter basis, instead of on a flat rate, as formerly. Under the old arrangement the state paid \$9 per month each for its arc lights. Last month far better lights installed by the state cost \$2.09 each for current. On a flat rate basis the city of Sacramento is now paying \$6.50 per month each for arc lights of less illuminating power, that consume one-third less current than those installed by the state.

The total saving on lights for the building and grounds, and on power in September 1911 over September 1910 was \$231.23.

It is not only in the cost of electric lighting and power that big savings have been made for the taxpayers through the introduction of business methods in the conduct of the state government. Here is one instance that shows how the taxpayer was robbed right and left and up and down to make fat picking for the favorites of former machine office holders. In September of last year 1250 feet of 5/8 elevator cable was installed in the Capitol building at a cost of a fraction over 15 cents a foot. With an additional charge of \$35.30 for installation. A short time ago 210 feet of this cable was replaced at a cost of a small fraction over 5 cents a foot, for identically the same material, and the installation was made in half an hour by the state employees with no additional charge.

The above is by no means an unusual instance. In small lots the state is now paying 40 per cent less per box on typewriter paper of a better quality than was paid under the old regime in much larger quantities. This week bids will be opened for a year's supply, on which it is expected a still further saving will be made.

Arrangements are now being made for the purchase of electric light globes for all state institutions under a single state contract, that will give the smallest state consumer the advantages of discounts based upon the total quantity consumed by the entire state. The saving in this regard will run into the thousands of dollars.

## CALIFORNIANS GO TO SOUTHERN MEET

San Diego Men Working at  
All-South Conference  
for Exposition

SAN DIEGO, Cal., Oct. 11.—S. C. Payson, representing the Santa Fe railway, and Victor Wankowski, delegates from the Chamber of Commerce of San Diego, to the All-South Conference, which convened in Memphis, Tenn., on October 9. They were joined there by Col. D. C. Collier, director general of the Panama-California International Exposition, of San Diego, who brought to an end there his whirlwind tour of the South, in company with G. Grosvenor Dawe, managing director of the Southern Commercial Congress.

The movement inaugurated by Messrs. Collier and Dawe, having for its object the diversion of travel from the northern to southern lines of transcontinental travel, has grown to be one of the biggest transportation movements that was ever started. Every commercial body in the entire South will send delegates, and the railroads that traverse the South, and the hotels of the South all will be represented. Besides this all the prominent state and city officials will attend.

California is greatly interested in the big movement, not only because it was started by a Californian, but because it will insure a much larger attendance at the unique exposition that is to be given at San Diego throughout the entire year of 1915. The Panama-California International Exposition at San Diego already is being exploited throughout the world as the "exposition of opportunity," and its projectors are endeavoring to make it the means of populating the great Southwest with hundreds of thousands more people who are seeking a congenial climate and a fertile soil, where they may live out-of-doors in comfort the greater part of the year.

### LOS ANGELES PRODUCE MARKET

Trading was light and the market featureless. Receipts of staple commodities and fresh fruits were light.

There were few changes in quotations. Dealers asserted that a general firmness was manifest throughout the day.

Apples were arriving freely, but there was a good demand for choice stock and the market ruled firm. Greenings were in liberal receipt and quoted at \$2.09 a box. Receipts were 6000 boxes.

Pears were fairly plentiful and sold rather slowly. Good stock was offered at \$1.25 a lug box.

Quinces were more plentiful, and sold lower. Lug boxes were offered at from 75 to 90 cents.

Peaches were in light receipt and prices on well packed stock of the Salway variety were well sustained. The offerings of plums were light. Tragedy plums made up the bulk of the receipts, but they received little attention as most of the stock was culled.

Grapes continued in good receipt, and Muscats were a shade firmer under a good demand. Tokays were in good demand, and prices well sustained.

Cranberries lacked quality and sellers were urging sales, with the tone of the market weak and prices slightly lower.

The market for green vegetables was steady. Receipts were about keeping with the demand, but some of the stock was shaded in the buyers' favor.

There was a fair demand for Cauliflower, and good stock sold around \$2.09 a crate.

Cucumbers were quoted from 50 to 60 cents a lug box, with a fair demand at the prices quoted.

There was a good call for bell peppers, but no change in quotations. Most of the stock was offered at 30 cents a lug box.

Receipts of Salinas potatoes were liberal and the market was easier, demand being only moderate. Receipts were 132 sacks.

Onions were in liberal receipt, and steady under a fair demand. Receipts were 609 sacks.

There was no change in the market for beans. Under the revised figures there was a moderate call for all varieties, and offerings were ample.

There was a good outlet for the limited receipts of strictly fresh eggs, prices of which ruled firm. Storage stock received considerable attention. Receipts were 72 cases.

The butter market ruled easier, under liberal offerings; there was a good call for all grades. Fine cream eggs were made up the bulk of the receipts. Ladies were in small supply and firm under a fair demand. Receipts were 36,498 pounds.

**CLAREMONT HIGHEST TAX**  
POMONA, Oct. 9.—County School Superintendent Mark Keppel has announced the tax rates for each district of Los Angeles County, and the list shows a variation of from 9 cents to \$1.78 per \$100 assessed valuation. Claremont city school district has the highest rate, of \$1.78. Pomona has a rate of \$1.55.

**BROKE PIANO-PLAYING RECORD**  
BETHLEHEM, Pa., Oct. 10.—By playing 27 hours 46 minutes and 3 seconds, Harry A. Bennett, yesterday broke the world's record for "long distance" work on the piano. During the time Bennett did not remove either hand from the keys.

The previous record was held by Charles Wright of Battle Creek, Mich. Bennett exceeded it by 1 minute and 3 seconds and then fell exhausted.

## IN THE JUSTICE'S COURT

### LAW PLAIN BUT COURT SAW FURTHER

Cox Dismissed Case Against  
Stewart—New Complaint  
to Be Filed

There has been a good deal of talk of late in discussions of the recall of the judiciary concerning the fact that sometimes the law reads one way as plain as can be, and a court makes it read another way. Justice Cox found such an instance this morning after having dismissed a felony charge brought against David Stewart of Huntington Beach.

The complaint charging Stewart with attempted assault upon Mrs. Fred Spoonhauer of Huntington Beach was sworn to by Spoonhauer, who cannot write his name. Spoonhauer made his mark. It was not witnessed in writing by two witnesses. Attorneys Montgomery & Tarver appeared for Stewart and moved to dismiss the complaint because the mark was not witnessed according to the plain reading of the statute. Justice Cox read the law, and dismissed the case. There was only one way, according to the way Justice Cox reads English.

Then comes Deputy District Attorney Koepsel to prove to the justice that the complaint was good and sufficient. Forsooth the supreme court of California had rendered a decision to the effect that the law was dead wrong. When a man makes his mark on a criminal complaint he does not have to have two witnesses therefore.

But the case had already been dismissed, and the district attorney's office took immediate steps to have a new complaint issued. This time when Spoonhauer makes his mark two witnesses will put down their names.

Danger For Guerra  
Martin Guerra, a former Talbert

blind-pigger, is out of jail today, but if he is wise he will sell no more liquor. He was caught by Constable Squires on June 25, was convicted and sentenced to pay a \$200 fine. Having no money he went to jail until today when \$22 was produced, completing the law's requirement.

But before Guerra went he was faced with seven new charges each for a specific sale of liquor.

Guerra pleaded guilty to each and every charge, and Justice Cox handed out seven jail sentences, running 95 days, 90 days, 85 days, 80 days, 75 days, 70 days and 60 days, enough days to last Guerra for some time. Commitments were withheld, and Guerra promised to sell no more liquor and to keep in the straight and narrow path. He said he would go to work and take care of his wife and children.

## LICENSE VOTE NOVEMBER 25

Fullerton to Decide Question  
of Wet or Dry Last of  
Next Month

FULLERTON, Oct. 11.—The question of whether the sale of alcoholic liquors shall be licensed in the city of Fullerton will be determined by the voters on November 25, that being the day selected by the City Trustees. The City Attorney has been instructed to prepare the formal notice of intention to call the election, which ordinance will be passed by the Trustees at the next regular session.

The City Clerk has inspected the list of signers of the petition for the election and found the required 25 per cent of qualified voters had signed it. The action of calling the election is mandatory on the part of the Board of Trustees. The fight against the saloon will be vigorously waged by the temperance element.

**Election Quiet Affair**  
Very little interest was manifested in this city in the election Tuesday, only a small percentage of the electors voting, and many of them only on a few amendments.

**Lighting Contract**  
The city has signed a contract for a term of five years with the Southern California Edison Company for an improved system of street lamps, which will be installed at once.

## WHITTIER PREPARING ANNUAL FLOWER SHOW

WHITTIER, Oct. 11.—The annual flower show given by the Woman's Club of this city, will be held October 26, 27 and 28 of this month.

Elaborate plans are being made for the exhibit at the club house and for

the street pageant which will be held on Thursday afternoon.

The committees are all appointed and are working with enthusiasm to make this, the fourth show, eclipse all former endeavors.

An innovation is the voting for a queen and prominent young women have lent their names for the contest.

Special low prices this week on Morris Chairs. Prices range from \$5.00 to \$24.75. Genuine leather and velour cushions. Horton-Spurgeon Furniture Company.
